Information on the possibility of mediation in Switzerland

The Swiss Federal Law on Financial Services (FinSA) entered into force on January 1, 2020. Under this law, the client of a financial service provider can appeal to a mediation body in order to settle disputes opposing him to the provider, in the context of a mediation procedure.

In accordance with Articles 77 and 84 of FinSA, J. Chahine Capital is affiliated with Terraxis SA, a mediation body recognized by the Federal Department of Finance.
